# Wound care record

*For wound care the nurse or doctor showed you. Copy their instructions into the box, in their words. Each time the dressing is changed, write what you saw. A dated photo helps the nurse see changes.*

| **The doctor's instructions** | |
|---|---|
| Name and where the wound is | |
| Care instructions (as the nurse or doctor wrote them) | |
| Supplies used | |
| When to call the doctor or nurse (their words), and phone | |

| Date | Time | Dressing changed (Y / N) | What it looked like (size, color, drainage, smell) | Pain | Photo (Y / N) | Done by | Notes |
